

Slovak Society for Blasting and Drilling Works

Presidium of the company: Československej armády 25, 974 01 Banská Bystrica SK
Reg.: Min. interior of the Slovak Republic, no. sp. VVS / 1-900 / 90-2276-6 of 19.4.2013 member of the Association of Slovak Scientific and Technical Societies and EFEE

First notification 33th International Conference BLASTING TECHNIQUE 2021

Congress Center of the Slovak Academy of Sciences ACADEMIA May 19 - 21, 2021 Stará Lesná, High Tatras SK

The conference is organized for blasters, chief technical explosives experts, professionals from the fields of science, research, education, legislation and industry in all sectors using blasting operations, as well as for manufacturers, suppliers and users of drilling and blasting equipment.

Subjects of the conference:

- blasting at mineral extraction, tunnels, demolition and other purposes
- legislation in Slovak Republic and European Union, certification of Blasters Tracking and Tracing for Explosives
- new products for blasting and drilling
- seismic safety, health protection, accidents, environment
- fireworks, pyrotechnics
- lectures dealing with other subjects will appear on the end of the conference

EGRSE

International Journal of Exploration Geophysics, Remote Sensing and Environment

XXVII.2
2020
CZECH REPUBLIC
(CD-ROM) ISSN 1803-1447

EXPLORATION GEOPHYSICS, REMOTE SENSING AND ENVIRONMENT

Journal "Exploration Geophysics, Remote Sensing and Environment" (EGRSE) publishes original contributions dealing with:

- application of geophysical methods in geology, engineering geology, hydrogeology,
- geofactors of environment and geothermal energy,
- remote sensing and its application in geology, geodesy, GIS and ecology,
- tectonophysics, physics of the interior of the Earth, seismology, seismotectonics and seismic hazard

Editorial board:

Chairman: BLÁHA Pavel, Assoc. Prof. RNDr. DrSc., GEotest, a.s., Brno, Czech Republic

Members:

GAJDOŠ Vojtech, Assoc. Prof. RNDr., CSc., Comenius University, Faculty of sciences, Bratislava, Slovakia (retired)
 IDZIAK Adam, Prof. zw. Dr. hab., University of Silesia, Faculty of Earth Sciences, Sosnowiec, Poland
 JIRÁNKOVÁ Eva, Assoc. Prof. Ing., Ph.D., Institute of Geonics of the Academy of Sciences of CR, v.v.i., Ostrava, Czech Republic
 KALÁB Zdeněk, Prof. RNDr., CSc., Chairman of the Czech Association of Geophysicist, Institute of Geonics of the Academy of Sciences of CR, v.v.i., Ostrava, Czech Republic
 YAKYMCHUK Mykola, Prof., Dr., President of All Ukrainian Association of Geoinformatics (AUAG), Kyiv, Ukraine
 PALACKÝ Jiří, Mgr., Ph.D., Geological Survey of Canada, Ottawa, Canada, (retired)
 TÁBOŘÍK Petr, RNDr., Ph.D., Charles University, Faculty of Sciences, Prague, Czech Republic
 VACULÍK Martin, Ing., GEotest, a.s., Brno, Czech Republic
 VLČKO JÁN, Assoc. Prof. RNDr., Ph.D., Comenius University, Faculty of Sciences, Bratislava, Slovakia

Editor in chief: VACULÍK Martin, Ing.

All correspondence to Exploration Geophysics, Remote Sensing and Environment Journal; Martin Vaculík, Kapitolní 13, 700 30, Ostrava, vaculik@geotest.cz

EGRSE is the official Journal of CAAG - the Czech Association of Geophysicists, issued twice a year. Deadlines for submission of articles are: January 10; July 10. CAAG is associated with EAGE from 1997.

Issued price 250 Kč. Single issue price: 450 Kč (Two issues), exclusive of postage. Journal is distributed by editors.

Advertising: Advertisements are accepted. Information on prices can be received from the editors.

COVER: View of the highest part of the quarry Mnichová Lehota. Autor: Prof. RNDr. Blažej Pandula, CSc.
